

11 NOVEMBER 2025

Kind attention to: **ALL PARENTS / GUARDIANS OF FAMILY HOPE CENTER STUDENTS**

Subject : **REMINDER: UPCOMING SCIENCE LESSONS FOR STUDENTS**

Beloved Parents/Guardians,

This is a gentle reminder regarding our upcoming Science Lessons for Family Hope Center students. These sessions are part of our enrichment activities designed to support experiential and hands-on learning for our students.

The Science Lesson schedule will be held from 2:00 PM to 3:00 PM on the following dates:

- November 18, 2025
- December 2, 2025
- January 27, 2026
- February 3, 2026
- April 21, 2026
- May 12, 2026

Please remember to confirm your child's attendance prior to each scheduled Science lesson to help us make the proper arrangements. Students attending are to be fetched at 3:00 PM, while those not attending will follow their regular dismissal schedule. For students using the daily bus service, if we do not receive any confirmation prior the release, your child will be sent home as usual on their regular release schedule via their allocated transportation.

We appreciate your continued cooperation and support in ensuring your child's active participation in these engaging learning experiences.

For more information and future announcements, you may keep checking our official Instagram page [[@familyhopecenterqatar](#)] for updates, photos, and reminders about upcoming activities

Sincerely,

Dr. Joelle Al Asmar
